

# Introduction to Geospatial Technologies

18 February, 2010

Instructor: Jesse Rouse  
jesse.rouse@uncp.edu  
910-521-6387

## *ArcMap exercise:*

This exercise is from the ArcLessons section of ESRI's Ed Community.

- Visit [http://jesserouse.com/uncp/green\\_univs.zip](http://jesserouse.com/uncp/green_univs.zip)
- Unzip the data to your I:\ drive
- From the start button go to
- **All Programs : ArcGIS : ArcMap**
- Under **File** go to **Open**
- Navigate to your I:\ drive and find the file **green\_univs.mxd** in the materials you downloaded
- Once the map is open, use Windows Explorer to go to the folder you downloaded and find **green\_universities.pdf** and double click to open it.
- Read through the PDF and take some time to interact with the map document
